

MONEY MARKET COMPLICATED

Sale of New York City Bonds Disappoints.

Satisfaction Felt Over Labor Settlements.

March Steel Record Will Be Good One.

(Associated Press Night Report.)

NEW YORK, March 27.—The dull and narrow stock market of last week bore little relation to the course of events in the outside world, except as it was held in restraint by the prospect of curtailment by the double holiday and the possible demands upon the money market of the approaching settlements.

The money position was complicated by the week's sale of \$50,000,000 New York city 4 1/2 per cent. bonds. The result of that sale also illuminated the investment situation in a way not wholly cheering to sentiment. The first impression of the sale was good, owing to the large volume of applications and the considerable foreign demand included. The new bonds were immediately admitted to the stock market to be traded in "when issued," and the sale in the price to below the lowest at which allotments were made on subscriptions turned the feeling on the matter to one of discouragement.

British consols sold down during the week to the lowest price since the depression of 1907, and with that exception, since the first half of the century. The reappearance of the short times railroad note issue in the New York market was additional evidence of the unsatisfactory investment demand for fixed interest securities.

Satisfaction was felt over the settlement of the western railroad firemen's dispute. Hopeful views were held, also, of an adjustment of the coal miners' troubles in the Middle West. Cheerful views entertained by the railroad traffic officials of business prospects helped to the confidence in labor settlements.

Business in iron was done at record low quotations. Political unrest had some reflection in the securities markets through the apprehension of a reopening of the tariff question.

IRON AND STEEL.

(Associated Press Night Report.) NEW YORK, March 27.—Railroads last week still withheld orders for bridge, rail and other equipment, but official communication was received of previous contracts for cars and locomotives, which insures for March the highest monthly record since last November. Bids have been submitted on railroad bridges requiring 8000 tons of fabricated steel, but no awards have been made, and no bids have been pending, calling for 15,000 tons of structural material.

With an absence of railroad work, there has been heavy competition for fabricated steel orders coming from contractors and manufacturers for new buildings. The result has been the sale of specifications for about 15,000 tons taken on a basis of 1.40 to 1.50 c. lb. mill.

The largest local contract has been 400 tons to the New Jersey Zinc Company, divided between the Jones and Laughlin Steel Company and the Lackawanna Iron Company. A large amount of new structural steel is pending, and never were the fabricating shops so busy in the history of the industry. Work in the building departments is now, work in progress and prospective, will call for about 100,000 tons of structural steel.

Agricultural implement manufacturers are reported to have placed some contracts for soft steel bars on a basis of 1.40 mill. deliveries beginning July 1 and continuing for the next twelve months. Other similar contracts are pending.

Some new contracts have been placed on plates and shapes by car builders, shipyards and machinery manufacturers, and larger specifications have been received on previous contracts with same interests.

Contracts for pig iron have been agreed about 100 tons, mainly for four or five cars. One New England manufacturer of plumb pipes divided an order for 800 tons between two furnaces, and another New England contract for 10,000 tons is pending. Minimum prices are ruling in all sections, with Alabama iron especially weak and lower.

LABOR.

AM BLOW AT THE BREWERS.

INGRANTED UNIONISTS ARE NOW FOR LOCAL OPTION.

Failure of Beer Makers to Join Sympathetic Strike in Philadelphia Is Said to Be Responsible for Resolution Passed by Central Labor Union—Back to Work.

(Associated Press Night Report.)

PHILADELPHIA, March 27.—Declaring that the passage of a local option would hasten the settlement of the dispute between the Philadelphia Rapid Transit Company and its employees, the central labor union, at its meeting today, adopted resolutions calling upon members of the trades union to abstain from the local option vote for local at every opportunity.

The failure of the Brewery Workers' join in the sympathetic strike, it is said, was practically responsible for the passage of this resolution. The union may vote on a motion to table the resolution was 24 to 23.

The general strike in sympathy with striking street car men, which has been in effect for more than three days, was officially called off at 11:30 p. m. Monday. A majority of the strikers who had responded to the call already returned to work.

HEADS OFF ANARCHIST. DIERHOUGH, March 27.—Marcel Pich, alleged to be a dangerous anarchist, was arrested here today when he was on the steamship George Washington for New York.

ROOSEVELT AT CAIRO.

(Continued From First Page.)

ANY man who knew what Kharطوم was in the days of the Mahdi could not fail to realize the enormous progress of the last decade.

(Copyright, 1916, by the Tribune Company.)

EGYPT KEEN FOR ROOSEVELT'S WORDS.

(Associated Press Night Report.)

CAIRO (Egypt), March 27.—Col. Roosevelt and his party today attended the morning service at the English church, which was crowded with worshippers. Later they gave a small private luncheon at Shepherd's restaurant. Afterward Col. Roosevelt received, informally, a delegation of Coptic and Mohammedan and leading Egyptian journalists. Col. Roosevelt discussed religious intolerance and other non-political subjects with his guests, while they were served with coffee and cigarettes.

Every one is awaiting anxiously the speech of Col. Roosevelt at the university tomorrow. His discourse, it is thought, will have an important effect. The assassination last month of British Consul General, Premier and Minister of Foreign Affairs, by a student, expected to be alluded to in the address.

Tonight, Col. Roosevelt attended a banquet given in his honor by the British, Sir Reginald Wingate. After the dinner and reception at the American agency, Saturday night, Col. Roosevelt returned to the Hotel, where a large attended Venetian fete and dance was in progress. Col. Roosevelt, however, went immediately to his suite in order to obtain a much needed rest after a strenuous day.

During a conversation between an Egyptian official and the correspondent of the Associated Press today, the Egyptian declared Col. Roosevelt learned more about the Arab and Egyptian situation in two days than Lord Cromer had learned in twenty-five years. This is typical of the impression the Egyptian has formed of Col. Roosevelt's wonderful power in absorbing the details of all subjects.

The director of the Egyptian Hotel intends to place a brass tablet to mark the spot where Col. Roosevelt stood in the garden of the hotel yesterday and shook hands with some hundreds of Americans.

CERTAINLY.

BRIG-GEN. BARRY IS IMPRESSED.

VIEWS SAN PEDRO HARBOR AND FORTIFICATIONS SITE.

Distinguished Soldier Makes Flying Visit to This City and Calls Upon Old Comrade—Has Just Been Ordered to West Point as Superintendent of Military Academy.

(Special Correspondence of THE TIMES.)

SAN PEDRO, March 27.—Lieut. Gen. Adna R. Barry, U.S.A., late commander of the Department of California, his aide, Capt. Ferguson, Gen. M. H. Sherman, John H. Norton and Lieut. Gen. J. H. Norton, U.S.A., are here viewing the harbor and the proposed new army post and fortifications. From here Gen. Barry and his aide go to San Diego to look into army conditions there.

Maj.-Gen. Barry was impressed with the possibilities of Los Angeles harbor as shown by the improvements under way, and by the fortification site, during his visit to San Pedro yesterday. He arrived on Saturday from the north, not only to inspect the harbor, but to visit old friends and comrades of former days. He was the guest of John H. Norton, who knew him in Arizona as a captain.

On Saturday, with Lieut. Gen. Adna R. Barry, U.S.A. (retired), Gen. M. H. Sherman, John H. Norton and Lieut. Gen. J. H. Norton, U.S.A., are here viewing the harbor and the proposed new army post and fortifications. From here Gen. Barry and his aide go to San Diego to look into army conditions there.

Sketch of Gen. Barry. LONG SERVICE AND MERIT. After his graduation from West Point and appointment to the famous Seventh Cavalry in 1871, the young officer served on the frontier at various posts and in different grades, having been promoted from time to time. As far back as 1891, he inspected Col. Spelman's regime of the California National Guard, at Drum Barracks, San Pedro.

In the war against Spain Gen. Barry served as Adjutant-General and Chief of Staff to Maj. Gen. E. A. Clegg, commanding the Eighth Army Corps and Governor in the Philippines. With Maj. Gen. Clegg he arrived at Manila a few days after his fall, on August 13, 1898, and was present at the outbreak of the Philippine insurrection on February 4, 1899, and served throughout the conflict. He was present at the fall of Manila, the insurgent capital, on March 1, 1899, representing the corps commander. He subsequently served in Cuba and ultimately as a military commander of the Army of Pacification, and served in that capacity until the withdrawal of the United States troops from the island.

Gen. Barry accompanied the Japanese troops during the war with Russia, and his record on that conflict is one of the important military papers in the archives of the War Department. Gen. Barry subsequently commanded the Military Department of California, with headquarters at the Presidio. He has just been ordered to take the superintendency of the Military Academy at West Point, and for that purpose has just been relieved from the command of the Department of California by Brig.-Gen. Tashner H. Bliss, U.S.A.

With Maj. Gen. Clegg he arrived at Manila a few days after his fall, on August 13, 1898, and was present at the outbreak of the Philippine insurrection on February 4, 1899, and served throughout the conflict. He was present at the fall of Manila, the insurgent capital, on March 1, 1899, representing the corps commander. He subsequently served in Cuba and ultimately as a military commander of the Army of Pacification, and served in that capacity until the withdrawal of the United States troops from the island.

GILLET REAPPOINTS DENNIS. SAN FRANCISCO, March 27.—Gov. Gillett today announced the reappointment of W. E. Dennis as Harbor Commissioner.

FIRST FIGURES OF THE NEW CENSUS ARE HERE.

(By Direct Wire to THE TIMES.)

TACOMA, March 27.—(Exclusive Dispatch.) Census Enumerator Snow has just completed his work in the Itasca county, Alaska, a mining district. He gives the population of various camps as follows: Itasca, 1200; Innok, 800; Diskaest, 150; Toctona, 800.

FATAL AUTO WRECK RUMORED.

Ventura Gets Report of Accident in Casitas Pass in Which Two Persons Are Killed.

(By Direct Wire to THE TIMES.)

VENTURA, March 27.—(Exclusive Dispatch.) Word has been received here today that an automobile had been wrecked today in Casitas Pass and that two persons had been killed. As the storm has cut off communication tonight with points in the pass, the rumor could not be verified, nor the names of the alleged victims ascertained.

Two large cars passed through here this afternoon northbound. Both stopped for gasoline but the names of the occupants were not learned. One machine is reported to have reached Santa Barbara without accident. The other machine, a big red car, with all of the seats occupied, may have been wrecked. It was being driven by a colored man. His destination was not learned and no information could be secured regarding its safety after leaving this place.

COMING NECESSITY.

AERIAL FLIGHT RULES DRAFTED.

FRENCH AERO CLUB FORMULATES SAFETY REGULATIONS.

Code Aims to Meet Rights of Flyers and the Public—Restrictions for Air Craft—Tail Buildings to Carry Danger Signals—National Legislation Is Sought.

(Associated Press Night Report.)

PARIS, March 27.—Rules and regulations controlling the navigation of the air have been formulated by the Aero Club of France, and have been submitted to the French government as the basis for a national law. The code, elaborated after much study, aims to meet the rights and interests of all—aviation and balloonist—flying through space, and of man and machine on the earth below. Following are some of the suggestions:

Aerial craft, whether aeroplane or dirigible balloon, must not circulate lower than 150 feet above private property. Flying above cities require a permit from the local authorities. Flying in fog is not allowed, and the transportation of explosives, except hunting ammunition, is prohibited.

The fixation of general aerial routes is recommended as a way of avoiding collisions, and airplanes and dirigibles should keep off a certain distance from aeroplanes, so that accidents happen to the dirigible machines the spherical may not be endangered.

For the protection of the aeronaut, it is recommended the proprietors of high buildings and other structures be required to illuminate their property at night at each level of 100 feet. Electric lights should be strung above 150 feet from the ground should be marked each 600 feet with a white flag by day and a red light by night.

Other suggestions relate to the establishment of aerial "ports of access" to the French coast, and the project is now being studied by Mr. Millerand, Minister of Public Works.

TWO KILLED; THREE INJURED.

Touring Car Collides With a Buggy. Several Passengers Killed Almost Instantly.

(Associated Press Night Report.)

STERLING (Kan.), March 27.—Two persons were killed and three injured here early today, when a touring car in which they were riding collided with a buggy.

The dead are Myrtle Lloyd, 20 years of age, and Miss Bertha Moenman, aged 21. The injured are Oren Dix, Jay Johnson and Mabel Wilkins. The four occupants of the buggy had been riding from the hotel to the town of Sterling, where they were en route to a social gathering.

All the victims of the accident lived in Sterling except Dix, whose home is in Lyons, Mo. He was a student in Cooper College, here.

MONSTER CROWD PARADES.

Over 200,000 Promoters Show Easter Finery on Board Walk at Atlantic City.

(By Direct Wire to THE TIMES.)

ATLANTIC CITY (N. J.), March 27.—(Exclusive Dispatch.) Atlantic City, with a perfect Easter day, had more than 200,000 promenaders on the board walk at noon. Promenaders arrayed in new Easter outfits were forced to elbow their way along and special police were called in to prevent congestion.

Five thousand rolling chairs, chartered by the local active visitors, formed two solid columns from the inlet to the beach and of the board walk, while the overflow of strollers on the beach gave the strand the appearance of midsummer.

DR. COOK IN NEW JERSEY.

NEW YORK, March 27.—Dr. Frederick A. Cook, who has been reported about everywhere of late, according to the latest rumor, is at home of his wife's sister, Mrs. Henry Harvey, at Penikese, Camden county, New Jersey. Friends of the doctor declined to believe the rumor, saying that he was elsewhere, but Capt. B. S. Osborn, a staunch supporter, went so far as to say the explorer would be in New York within a few days.

SICK MAN TAKES LIFE.

SAN FRANCISCO, March 27.—Dependent because of continued illness, John Dempsey, aged 52, committed suicide today by drowning himself in a reservoir in Golden Gate Park. He had been discharged from a local hospital this morning. Peter Dempsey, a brother of John, said to be a patient in the hospital of London. Eng. Another brother, Patrick Dempsey, lives in San Francisco.

EXPLOSION KILLS OR MAIMS EIGHT TARs.

(Associated Press Night Report.)

MANILA, March 26 (Monday)—A report reached here today that a fire on the United States cruiser Charleston exploded during the target practice, killing or wounding eight men.

The Charleston is returning to Manila from Olongapo. No details of the reported accident have been received here. It was done in one of the six-inch turrets.

Steps have been taken by the department to learn the extent of the accident.

It Is Curable
Dyspepsia may be completely cured if properly treated. We will refund the money if you are not completely cured. The medicine used is the trial will cost the user nothing. This remedy has been named "Dyspepsia Tablets." Certainly no other medicine can be made more effective. It is the only medicine that has been proved positive that it cures dyspepsia. Tablets are a depository.

IN SOCCER.
The Semi-Finals of the Southern California Soccer Association will be played at the Los Angeles Coliseum on Sunday, March 27. The game will be between the Los Angeles team and the San Francisco team. The game is expected to be a close one.

WOMAN SEEKS DEATH.
She Drinks Wood Alcohol, Employs a Safety Razor and Is Placed Under Guard.

Falling in two attempts to commit suicide, Mrs. Josephine Taylor, of No. 185 South Los Angeles street, was removed to the Receiving Hospital yesterday so that she might be under constant guard.

Mrs. Taylor is a laundry worker. She has been persecuted some time that she was being persecuted. Saturday afternoon, according to the report at the Police Station, she made an effort to die by drinking wood alcohol. Yesterday she made a second attempt with a safety razor, which also failed.

BOARD MAY BUY BUILDINGS.

PROPOSITION APPEALS TO THE PEOPLE OF VISALIA.

Tulare Offers to Dispose of Appurtenances of Fair Grounds for Fourteen Thousand Dollars—Bond Election on School Propositions to Be Held Today.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
VISALIA, March 25.—The Board of Trade met last night and considered a proposition submitted by the directors of the Fair Association of Tulare to dispose of the appurtenances of the fair grounds there. For several years the annual county fairs have been held at Tulare, but the directors are now willing to sell out. For a consideration of \$14,000 the pavilions, grand stands and other buildings, including 200 cattle and horse stalls, will be moved to Visalia. Today a committee from the local Board of Trade visited Tulare and looked over the buildings. The members returned enthusiastic over the proposition. They will render a report in a few days. Options on several suitable sites for a track and fair grounds adjoining Visalia have been secured and it is quite likely that the proposition will be put through.

Visalians will vote Monday on the proposition of issuing \$50,000 bonds for the construction of a new high school and playgrounds for the present grammar schools. It is the general opinion that the bonds will carry with little opposition. If they do the present high school will be used as a third grammar school building.

The City Trustees have called a municipal election for April 18, to vote \$25,000 for municipal improvements. The voters will be asked to approve four separate bond items, viz: Paving of Mill Creek with concrete, \$10,000; repairing city bridges, \$10,000; repair of sidewalks and new sidewalks, \$10,000; and sidewalks in front of municipally-owned property, \$5,000.

A meeting was held at Orosi, in the northern part of the county, last night at which time was launched the proposition of incorporation. The meeting was largely attended by many of the largest property owners, and all, with one exception, strongly favored the idea. City Attorney Mike of Visalia and Attorney H. B. McClure of this city addressed the meeting. It is proposed to incorporate four square miles, the estimated population of which is 800. The matter will be brought before the Supervisors at the May session, when the board will be asked to call an election.

Articles of incorporation of the Elba Land Company, with principal place of business at Tulare, were filed today with the County Clerk. The company is capitalized for \$500,000, with \$250,000 actually subscribed. The directors and stockholders are Frank Gilman, L. A. Ariani and G. W. Zartman, all of Tulare, each of whom subscribe \$1000.

LAND OFFICE BUSINESS.
Considerable business was transacted at the Visalia Land Office today. The State of California made indemnity land selection for the northwest quarter of section 25-27. Ruben R. Louisa of Coalinga made homestead entry for lots 2, 4 and 5, section 6-13-17. Abria T. Lightner of Bakersfield made homestead entry for the northwest quarter of section 24-25-28. The following decisions of the register and receiver have been reported by the commission: Belmont Oil Company et al. vs. C. W. Clark, involving forest land selection for the west half of the northwest quarter and the north half of the southwest quarter of section 11-20-21. Selection canceled. Homestead entry of Bert F. Kerey for the southwest quarter of section 24-25-15 canceled. The following decisions have been rendered by the register and receiver: Elmer O. Ingalls vs. Osborne C. Cantleberry, involving desert land entry for the northeast quarter of section 2-27-28, recommended canceled. George Carden, involving homestead entry for lots 1 and 2 and the northeast quarter and the southwest quarter of the northwest quarter and the northwest quarter of section 6-29-31, recommended dismissed. United States vs. Charles Louner, involving homestead entry for the southeast quarter of section 30-25-29, recommended dismissed. United States vs. Anne H. K. Grammer, involving homestead entry for the southeast quarter of section 22-18-14, recommended canceled. United States vs. Alexander B. Gilliam, involving homestead entry for the northeast quarter of section 15-17-14, recommended canceled. United States vs. Rutledge L. Goldsmith, involving homestead entry for the southwest quarter of section 25-25-27, recommended canceled. Wilfred Guthrie vs. Elmer F. White, involving homestead entry for the southeast quarter of section 14-25-23, recommended canceled.

ANOTHER "RAIN DAY."
Railroad Official Asks Fresno Merchants to Make the Celebration an Annual Affair.

(BY DIRECT WRITING TO THE TIMES.)
FRESNO, March 27.—(Exclusive Dispatch.) Acting on the suggestion of James Horaburgh, Jr., general passenger agent of the Southern Pacific Company, the Fresno County Chamber of Commerce is contemplating a second "rain day" to be held on April 30. Horaburgh is known here as "the father of rain day." He boasted the first "rain day" a year ago throughout the East, and advertised Fresno county and California as the place to hold the lines of the Southern Pacific. The dried grapes were served free of charge in all dining cars used by the company.

From this Chicago office, Horaburgh has written a lengthy communication to the local Chamber of Commerce advocating an annual "rain day" April 30, in which the luscious fruit may be given a boost. The merchants of this city are heartily in favor of a second "rain day."

Classified Advertisers.
Commencing April 1, 1910, the rate for advertisements under headings of "Personal," "Social," "Notice," "Society," "Meeting," "Church Notices," "Miscellaneous," "Registries," "Births," "Deaths," "Marriages" and "Deaths" will be two cents a word, daily and Sunday.

Established 1889. Assets Over \$2,500,000.

Absolute Security and the Liberal Interest of 6%

You do not get full value for your money if it is drawing less than 6 per cent. interest.

For more than twenty years we have been paying our investors 6 per cent. interest, thus giving them 50 per cent. more than other institutions paying but 4 per cent.

The security and safety afforded by this Association is unquestioned. As all loans are made exclusively on the homes of the borrowers, no element of speculation can enter into the business of this Association whatever.

Many of our investors have been placing their money with us for the past fifteen years and more, and on every dividend date drawing 50 per cent. more interest money than if their money was earning but 4 per cent.

Give this matter a little thought, and figure how much more money it would mean to you if your money were earning 6 per cent.

way down; and the ones which survive the collision are "best boys." There is much finery of frock and bonnet, and as in going to the circus, every child must be protected by at least one older, willing spectator of the great parent.

Supplementing Easter Raiment.

Now that the stress of achieving the new wardrobe has been considered the remainder of the wardrobe. The new sheer fabrics, for summer wear, are bewilderingly beautiful. Perhaps the first one because it is actually new, is the Marquisette. It should, I think, be spelled with a capital because both goods and bads are in it. It is not a novelty, it is an exquisite, soft sheeny fabric worn in either square or round neck styles. It is available in stripes, or in an all over embroidered design. It will be used both for separate skirts and for separate waists.

The next goods are bouclés and the silk mulls in patterns, or robes, are sufficient for a dress. These come in a bordered effect, or a wide border, or a dark to light, with Parisian

The leading local houses cannot, it is said, keep ahead of their orders with these. Then there are the French silk creations, either embroidered or plain. These are the most beautiful in the country, many of the popular shades of lavender, blue and violet.

Railish linen is a new fabric for washing, which is produced in all the shades of pink, old rose, mulberry, green, gray and both dull and bright blues. It is wide, and economical in price.

Then the vogue for diagonal has been brought into being, a cotton "chevron," in diagonal weave. This combination of the two has been the best to the season. It has too much the character of an imitation, to please.

Russian crash is among the heaviest lines and it will undoubtedly prove to be along with everything else.

Russian, as you may have noticed, is made up of many of the heavy linens I have crumpled heavy sackcloth is used; also, a great deal of the heavy sackcloth is used. When used to trim the blouses of the Russian coats, these are very trying, to stout or short hair, but they are not so bad as they are not for every figure, by any means and should be studied well before being adopted.

Second, Himalaya cloth has blossomed out in all the new shades and is so durable and so moderate in price as to make it a general favorite. It is a very good material, and a touch of a heavier goods, intermingled with the soft fluff of lace and net such as one which I noticed, with black and white check, in a fine way.

goods, and upon bodies and sleeves
and in a wider band around the foot
of the skirt.

• •

A Friend Writes from the East That
Poplins are here again.
Coats are shorter and closer.
Braiding is very much in style.
Bath slippers of raffia are finding
favor.
Never were mauves and grays in
greater demand.
Bundles of cut steel are to be quit
the rage.

For dressy occasions, large flat hats predominate.

Mailing or lace is excellent for the daytime.

Ostrich plumes are back with an expected prominence.

Shades of all shades will be used to veil hat crowns.

Neckwear shows up as yet show very startling changes.

In straight bands as trimming, shirring is very effective.

Pinks are not neglected in the present season's fashions.

Polka dots provide ornamentation for the plain lawn shirt waist.

The new blouses are generally colorless and short of sleeves.

White shirt dresses and shirring may be used on bodice and hair.

Bronze lace is used for trimming gowns as well as early spring hats.

Charm of strange and beautiful effects. Collar and cuff sets are once more popular and are very neat in shape. Russian blouse suits of dark blue and black are becoming to children. Buttons, self-colored and set in black rims, are popular for tailored suits.

Very pretty little morning jacket: made of bands of lace and flowered ribbon.

Cornflower yellow is one of the sweet shades that are popular in all fabrics.

Many turbans trimmed simply with huge bows of changeable ribbons are the latest.

Crochet lace is decidedly smart this spring, whether on gowns, aprons or lingerie.

White dotted velvets are enjoying a revival of favor; the very small dots are the smartest.

effect upon life of this divine energy, which the taking up of the cross and the work of Christ created.

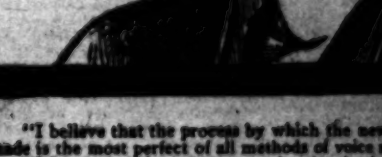

At the conclusion of the sermon Rev. Day expressed regret that the services would not have been held in the church, as he intended, as the ladies of the congregation had spent much effort in floral decorations for the occasion.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or over-exhaustion, and the relief which requires any internal treatment. All that is needed to afford relief is the quick application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords.—*Advs.*

THE CLOSING OF THE TRAIL.
On March 25—The issue of Coalinga-Monterey Oil Company acres in the northwest section 4, 26-15 finally was Monday, when J. L. Chadbourne, president of the company, and George A. Dougherty, an oil salesman, were here running the title. The Coalinga-Monterey operated in the field in Monterey County, and recently had been working on territory in this field away district, having passed the Lompoc field. From the former place it had transferred here and will be commenced immediately under the supervision of W. who is well-known throughout, having been connected with the oil business here for years.
It is incorporated for \$2,000 per share par, and the directors are: E. A. a wealthy lumberman of L. Co. president of the Coalinga Co. Board of Directors; Ernest and Leith Rodgers, cashier of the Monterey branch of the Farmers and Merchants of the Salinas City Bank; and John and Steve Blauer of
